

COVID 19 PARISH SAFETY PLAN

As we begin to reopen the church for services, we recognize that Orthodox Christians participating in the life of the church and the sacraments are doing so of their own free will and will not be judged for the choices they make.

The safety plan below was developed with our greatest concern for the health and safety of our parish and parishioners as we move through this difficult time. The safety plan will be reviewed and updated regularly according to the most recent mandates as required by the State of Massachusetts.

The Parish Council, in consultation and with directives from the State of Massachusetts, the CDC (Centers for Disease Control), Metropolis of Boston, Assembly of Canonical Orthodox Bishops, and medical professionals: has compiled the following:
